

09 - Product-Owner Burndown Chart

Written by Brian McCarthy

Sprint burndown chart showing story progress.

Task 9 evidence shown

- Burndown chart is tied to Sprint - Product Catalog Backend.
- Initial committed story points: 10.
- Remaining work drops as Done stories are accepted.

Day	Done / progress event	Points remaining
0	Sprint starts with req 1-4 committed	10
3	Req 1 accepted and moved to Done	8
5	Req 2 accepted and moved to Done	5
7	Req 3 moves to Review/QA; req 4 remains In Progress	2
