

Product-Owner 04 Technical Debt Labels

Written by Brian McCarthy | Landscape PDF | Product-Owner deliverable

Requirement / Grading Item	What Must Be Visible	Ready Evidence
REQ-9 Cloud Hosting	As an operations stakeholder, I need the catalog hosted in the cloud, so that the application is scalable and accessible.	Label: technical debt
REQ-10 Deployment Automation	As a development team member, I need automation to deploy new changes to the cloud, so that releases are repeatable and lower risk.	Label: technical debt
