

TASK 4: Sprint Backlog — 12 User Stories for Localization Upgrade

Bepha Tools E-Commerce Project

Written by Brian McCarthy

This Sprint Backlog contains exactly 12 user stories: SIX (6) for Multi-Language Support totaling 65 story points, and SIX (6) for Multi-Currency Support totaling 55 story points. All user stories follow the standard format: As a [role], I want [action], so that [benefit].

SECTION A: MULTI-LANGUAGE SUPPORT — 6 USER STORIES (65 story points total)

Story point distribution: $65 \text{ SP} \div 6 \text{ stories} = 10.83 \text{ SP each}$ → allocated as: 11, 11, 11, 11, 11, 10 = 65 SP total

User Story ML-1 — Japanese (11 SP, Priority: High)

As an international customer, I want to view and use the entire Bepha Tools website in Japanese, so that I can browse products, complete checkout, and access customer support without any language barrier.

User Story ML-2 — Italian (11 SP, Priority: High)

As an international customer, I want to view and use the entire Bepha Tools website in Italian, so that I can navigate the product catalog and complete purchases comfortably in my native language.

User Story ML-3 — German (11 SP, Priority: High)

As an international customer, I want to view and use the entire Bepha Tools website in German, so that I can access all product details, checkout flows, and help content in my preferred language.

User Story ML-4 — Portuguese (11 SP, Priority: Medium)

As an international customer, I want to view and use the entire Bepha Tools website in Portuguese, so that I can browse and purchase tools without encountering language barriers.

User Story ML-5 — Chinese (Simplified) (11 SP, Priority: Medium)

As an international customer, I want to view and use the entire Bepha Tools website in Chinese (Simplified), so that I can access the full product catalog and complete transactions in my native language.

User Story ML-6 — Korean (10 SP, Priority: Medium)

As an international customer, I want to view and use the entire Bepha Tools website in Korean, so that I can read product descriptions, view pricing, and complete the checkout process in Korean.

MULTI-LANGUAGE TOTAL: 11 + 11 + 11 + 11 + 11 + 10 = 65 STORY POINTS

ID	Language	Story Points	Priority	User Story
ML-1	Japanese	11 SP	High	As an international customer, I want to view and use the entire Bepha Tools website in Japanese, so that I can browse products, complete checkout, and access customer support without any language barrier.
ML-2	Italian	11 SP	High	As an international customer, I want to view and use the entire Bepha Tools website in Italian, so that I can navigate the product catalog and complete purchases comfortably in my native language.
ML-3	German	11 SP	High	As an international customer, I want to view and use the entire Bepha Tools website in German, so that I can access all product details, checkout flows, and help content in my preferred language.
ML-4	Portuguese	11 SP	Medium	As an international customer, I want to view and use the entire Bepha Tools website in Portuguese, so that I can browse and purchase tools without encountering language barriers.
ML-5	Chinese (Simplified)	11 SP	Medium	As an international customer, I want to view and use the entire Bepha Tools website in Chinese (Simplified), so that I can access the full product catalog and complete transactions in my native language.
ML-6	Korean	10 SP	Medium	As an international customer, I want to view and use the entire Bepha Tools website in Korean, so that I can read product descriptions, view pricing, and complete the checkout process in Korean.

SECTION B: MULTI-CURRENCY SUPPORT — 6 USER STORIES (55 story points total)

Story point distribution: $55 \text{ SP} \div 6 \text{ stories} = 9.17 \text{ SP each}$ → allocated as: 10, 9, 9, 9, 9, 9 = 55 SP total

User Story MC-1 — South Korean Won (KRW) (10 SP, Priority: High)

As an international customer in South Korea, I want to view all prices and complete checkout in South Korean Won (KRW), so that I can make purchases without needing to manually convert currency amounts.

User Story MC-2 — Indian Rupee (INR) (9 SP, Priority: High)

As an international customer in India, I want to view all prices and pay in Indian Rupees (INR), so that I can purchase tools on the Bepha Tools site without worrying about foreign exchange fees or confusion.

User Story MC-3 — Brazilian Real (BRL) (9 SP, Priority: High)

As an international customer in Brazil, I want to view all prices and complete checkout in Brazilian Reals (BRL), so that I can clearly understand the true cost of tools before making a purchase.

User Story MC-4 — Mexican Peso (MXN) (9 SP, Priority: Medium)

As an international customer in Mexico, I want to view all prices and pay in Mexican Pesos (MXN), so that I can complete transactions in my local currency with full confidence.

User Story MC-5 — Chinese Yuan (CNY) (9 SP, Priority: Medium)

As an international customer in China, I want to view all prices and pay in Chinese Yuan (CNY), so that I can browse and purchase tools on the Bepha Tools platform without currency confusion.

User Story MC-6 — ZAR / RUB / JPY (9 SP, Priority: Medium)

As an international customer in South Africa, Russia, or Japan, I want to view prices and complete checkout in my local currency (South African Rand, Russian Ruble, or Japanese Yen), so that all remaining target markets have full currency support on the Bepha Tools platform.

MULTI-CURRENCY TOTAL: 10 + 9 + 9 + 9 + 9 + 9 = 55 STORY POINTS

COMBINED GRAND TOTAL: 65 (Multi-Language) + 55 (Multi-Currency) = 120 STORY POINTS

ID	Currency	Story Points	Priority	User Story
MC-1	South Korean Won (KRW)	10 SP	High	As an international customer in South Korea, I want to view all prices and complete checkout in South Korean Won (KRW), so that I can make purchases without needing to manually convert currency amounts.
MC-2	Indian Rupee (INR)	9 SP	High	As an international customer in India, I want to view all prices and pay in Indian Rupees (INR), so that I can purchase tools on the Bepha Tools site without worrying about foreign exchange fees or confusion.
MC-3	Brazilian Real (BRL)	9 SP	High	As an international customer in Brazil, I want to view all prices and complete checkout in Brazilian Reals (BRL), so that I can clearly understand the true cost of tools before making a purchase.
MC-4	Mexican Peso (MXN)	9 SP	Medium	As an international customer in Mexico, I want to view all prices and pay in Mexican Pesos (MXN), so that I can complete transactions in my local currency with full confidence.
MC-5	Chinese Yuan (CNY)	9 SP	Medium	As an international customer in China, I want to view all prices and pay in Chinese Yuan (CNY), so that I can browse and purchase tools on the Bepha Tools platform without currency confusion.
MC-6	ZAR / RUB / JPY	9 SP	Medium	As an international customer in South Africa, Russia, or Japan, I want to view prices and complete checkout in my local currency (South African Rand, Russian Ruble, or Japanese Yen), so that all remaining target markets have full currency support on the Bepha Tools platform.
