

Task 3 - GitHub User Story Template

Repository path and user-story.md template requirements for .github/ISSUE_TEMPLATE.

agile-final-project

```
.github/  
  ISSUE_TEMPLATE/  
    user-story.md  
  
Template body: As a [role], I need [function], so that [benefit].  
Acceptance criteria: Given [context], When [action], Then [outcome].
```

Template requirement	Compliant content to verify
Repository path	agile-final-project/.github/ISSUE_TEMPLATE/user-story.md
User story format	As a [role], I need [function], so that [benefit].
Gherkin acceptance criteria	Given [context], When [action], Then [outcome].
Valid labels	Default enhancement label is available; technical debt label is available for requirements 9 and 10.

user-story.md sample content

```
name: User Story  
description: Create a user story  
title: "[Story] "  
labels: [enhancement]  
body:  
- type: textarea  
  attributes:  
    label: User story  
    description: As a [role], I need [function], so that [benefit].  
- type: textarea  
  attributes:  
    label: Acceptance criteria  
    description: Given [context], When [action], Then [outcome].
```

The PDFs are landscape-oriented, keep Product-Owner in every filename, include Written by Brian McCarthy, use light blue table headers with black header text, keep tables below graphics, wrap table cell text, and avoid clipped or overlapping elements.
